

Almond Hills
FOR SALE
2 bedroom Villa in a Private Development

Almond Hills is an exclusive gated development of just 41 villas sitting on a hillside overlooking the coast of Nessebar and the resort of Sunny Beach.

The village is a child friendly, car free, grassed area with intertwining paths meandering among the villas with quiet areas at strategic locations around the complex.

There is a communal pool and terrace area, a bar/café and shop.

We are selling villa 19 overlooking the pool and fully furnished, ready to move into or rent out. Complete with air conditioned large lounge / dining room and large air conditioned bedrooms both with en-suite bathrooms, terrace and garden area. Villa Rosa has a total legally recorded net floor area of 143 (one hundred and forty three) sq. m

The villa is equipped with high quality contemporary furnishings including TV, DVD player

Almond Hills is **child friendly** as it is **car free** because parking is around the perimeter, which is completely fenced with only one entrance which has a security attendant.

The villas that have not been sold are currently on the market for £98,620 but are at the back of the development. We are marketing our property for the same price but to include all furnishings and inventory (valued at 12,000 euros) and including a new and upgraded kitchen.
